Subject: RE: Additional sample locations at Lane Plating

Mr. Shewmake:

At this juncture, I would suggest telling them that we are in the process of finalizing planning documents for the Phase 1 investigation, and will accommodate their request during the Phase 2 investigation.

Thank You,
Mark Paddack
EA Project Manager

Subject: Additional sample locations at Lane Plating

Mark,

TX DSHS has requested we collect 2 additional soil samples in the locations marked on this figure. What are our options on doing this? Please call when you have time to discuss this.
